

□ Euro NCAP 5 Star Rating

The Next Generation Sorento uses high tensile steel plates for over 70% of the total chassis. This along with advanced bodyshell design and vast safety features has helped the Next Generation Sorento achieve a 5-star Euro NCAP rating, making it one of the safest SUVs on the road.

□ Passive Safety

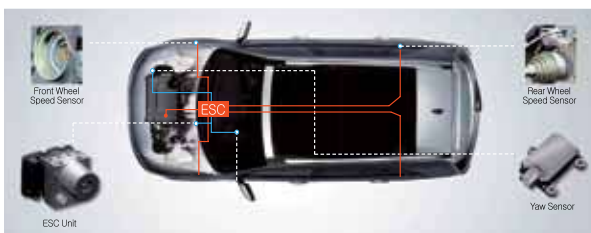

6 airbags as standard

Active front headrest

□ Active Safety

ESC (Electronic Stability Control) unit

The Next Generation Sorento is equipped with advanced ESP (Electronic Stability Program), TCS (Traction Control System), ABS (Anti-lock Brake System), EBD (Electronic Brake Distribution) and BA (Brake Assist)

HAC (Hill-start Assist Control) prevents vehicle roll-back on a slope for 2 seconds when the foot is off the brake pedal.

DBC (Downhill Brake Control), when "on", keeps the vehicle speed at steady 8km/h for added control on steep and slippery surfaces.

▣ Rear Parking Assist

With the help of rear parking sensors with dash display and rear view camera with in-mirror display, reverse parking is safer than ever.
